

Wednesday 5th November
Florey Neuroscience Institutes
presents:

**Neurodegeneration and
Regeneration**

Speakers:

Tim Aumann (Florey Neuroscience Institutes)
Phil Beart (Florey Neuroscience Institutes)
Mirella Dottori (University of Melbourne)
John Drago (Florey Neuroscience Institutes)
Gary Egan
(Florey Neuroscience Institutes / Centre for Neuroscience)
Tony Hannan (Florey Neuroscience Institutes)
Andy Hill (University of Melbourne)
Clare Parish (Florey Neuroscience Institutes)
Justin Rubio (Florey Neuroscience Institutes)
Davor Stanic (Florey Neuroscience Institutes)
Lachlan Thompson (Florey Neuroscience Institutes)

Thursday 6th November
Centre for Neuroscience,
University of Melbourne
presents:

**Molecular Neuroscience and
Neurotrophins in Health and Disease**

Speakers:

Bronwen Connor (University of Auckland)
Nancy Ip
(Hong Kong University of Science and Technology)
Dhanisha Jhaveri (Queensland Brain Institute)
Chris Mitchell (Monash University)
Giles Plant (University of Western Australia)
Phil Robinson (CMRI, University of Sydney)
Adam Cole (Centre for Neuroscience)
Simon Murray (Centre for Neuroscience)
Maarten van den Buuse (Mental Health Research Institute)
Junhua Xiao (Centre for Neuroscience)

Friday 7th November
Mental Health Research Institute
presents

Alzheimer's disease

Speakers:

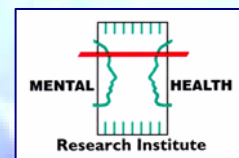

David Holtzman (Washington University School of Medicine)
Paul Adlard (Mental Health Research Institute)
Kevin Barnham (Bio21 / Mental Health Research Institute)
Ashley Bush (Mental Health Research Institute)
Kathryn Ellis (Australian Imaging, Biomarker and Lifestyle Study)

Neuroscience Symposium

5-7th November 2008

**Free symposium,
all welcome**

Registration required to:
rsvp-symposium@unimelb.edu.au
(Advising Name, Institution & Days Attending)

Scientific and social program available at:
<http://www.cns.unimelb.edu.au/>

Venue:
Theatre 2 and Executive Lounge,
Level 1, Alan Gilbert Building,
The University of Melbourne
(cnr Grattan and Barry Streets, Carlton South)

Students and researchers of the
host institutes are welcome to
submit posters for display.
Please indicate your interest to:
Centre for Neuroscience
Carmel McFarlane
